

V8 Mid-Size Baler

Our popular V8 baler offers versatility and value for medium volume users who need to process a range of materials, including bulky items and a variety of box sizes. The V8 has the footprint of a standard euro pallet and is suitable for baling cardboard, plastic, textile, paper, polystyrene and food waste.

Recommended for supermarkets, service stations, department stores, hotels, manufacturing plants and logistics centres.

FEATURES

Optimal size fill chamber allowing for larger boxes

"Bale Full" indicator light helps ensure safe operation at multi-user sites

Best compaction ratio means more material in each bale, reducing machine run time

Integrated kicker for easy bale removal

Low-voltage user controls for added safety

LSM e-Power for added time, energy and cost savings

SPECIFICATIONS

- ✓ Bale size: 800mm H x 950mm W x 600mm D
- ✓ Bale weight: 100–180 kg
- ✓ Cycle time: 33 seconds
- ✓ Compaction force: up to 8 tonnes
- ✓ Dimensions: 2270mm H x 1100mm W x 745mm D
- ✓ Fill opening: 950mm W x 485mm H
- ✓ Integrated bale kicker
- ✓ Machine weight: 425 kg
- ✓ Power: single phase 220V 50 Hz 1.5 kW motor
- ✓ Noise level: 70 dB
- ✓ e-Power
- ✓ EN 16,500 Compliant
- ✓ IP54 Standards
- ✓ PLC controller with automatic cycle

OPTIONS

- Can crush kit
- Tractor mounted
- Marine specification
- Electronic weighing system
- Annual service contract
- 3 phase 380/400 V
- 110 V power supply
- Solar Powered
- Galvanised or Stainless Steel
